Introducing the Bill Payer. The sweetest sounding service your two ears have ever heard.

American Federal Savings and Loan brings you the Bill Payer: the most convenient new service you've ever seen or heard.

How sweet it is.

You see, the Bill Payer is actually a very special kind of savings account. Because it gives you the convenience of paying your bills right over the telephone—*all* in a matter of minutes.

In fact, the Bill Payer turns an ordinary telephone into a teller phone. In just a few simple steps, you can use the money that's in your savings account to pay your utility bills, the car payment, house payment, insurance premiums, you name it!

You save the time and money and hassle of mailing out bills every month. Because the Bill Payer puts paying bills right at your fingertips.

Not only that, but the Bill Payer is a very personal service, giving you complete control of your finances. You can pay anybody you want, anytime you want, anywhere in the United States. And every month you get a detailed record of all your transactions for your files.

You earn a sweet 5¼ interest, too.

While the Bill Payer pays bills just like a checking account, it earns interest like a savings account.

When you open a Bill Payer account, your money earns 5¼% interest—right up till the time it's needed to pay bills. And your savings are insured up to $40,000 by the Federal Savings and Loan Insurance Corporation.

It all adds up to a really sweet deal.

It's convenient. It's extremely economical. And it's fun. It's the Bill Payer. And American Federal has it right now.

So, why let your money sit idle, when it could be earning interest with the Bill Payer?

To find out more, stop by American Federal and listen to how the Bill Payer works—with your own two ears.

We promise you'll like what you hear.
